Answer: They are well adapted for terrestrial movement

MCQ12: Hares have the following characteristics EXCEPT

Answer: Short powerful hind limbs

MCQ13: The dental formula of Hare is _____

Answer: $2\frac{0}{1} 3\frac{1}{1} 0\frac{3}{3} = 30$

MCQ14: Reptiles have all BUT ONE of the following characteristics

Answer: They have scales

MCQ15: All these are features of the Nile Monitor Lizard EXCEPT

Answer: It has a characteristic Stout body

MCQ16: Which of these statements is NOT true of crocodile

Answer: It weighs up 990kg when fully grown

MCQ17: Crocodiles have all these characteristic EXCEPT

Answer: They produce one offspring at the end of each gestation period

MCQ18: All these are true of bush fowl EXCEPT

Answer: There 12 different species of bush fowl in West Africa

MCQ19: Which of these statements is not true of ostrich?

Answer: They are native to Asia

MCQ20: One of these statements is UNTRUE of ostrich

Answer: The females attain sexual maturity earlier the males

MCQ21: Which of these land animals has the largest eye relative to body size

Answer: Ostrich

MCQ22: Which of these families does not belong to the primate order

Answer: Losrisidae

MCQ23: All these are characteristics of Artiodactyla EXCEPT

Answer: They are all small mammals

MCQ24: The sub-order Ruminantia include all the animals EXCEPT

Answer: Pig

MCQ25: All these belong to the order Carnivora EXCEPT

Answer: Hyaena

MCQ26: Which of these is NOT true of warthog?

Answer: The females are bigger than the males

MCQ27: Which of these is NOT true of hippopotamus

Answer: They prefer to feed during the day

MCQ28: Which of these is UNTRUE of giraffe?

Answer: They are omnivores

MCQ29: African Buffalo has the following characteristic EXCEPT

Answer: The females do not have horns

MCQ30: One of these structural features found in fish is an adaptation for movement on watercourse without friction.

Answer: Presence of scales on the body.

MCQ31: Which of these forms of fish disease are not very prevalent in the tropics

Answer: nutritional diseases

MCQ32: In fish costing which of these can be safely categorised as Operating cost.

Answer: Hauling Tanks

MCQ33: Which of these factors will affect the osmoregulation of aquatic organisms?

Answer: light

MCQ34: The code : *Tilapia zillii* D XIV-XVI, 11-13 when correctly interpreted means

Answer: *Tilapia zillii* has dorsal fins with 14-16 rays and between 11-13 spines

MCQ35: Fish pond preparation involves all but one of these

Answer: Addition of weeds
